1. List the most positive aspects of this course.

This course really helped me to think of the web in a different conceptual level. It has taught me how to put though behind every one of my decisions. I know I will apply these skills in many aspects of my life other than web design.

2. List the aspects of the course or instruction that you would like to see improved.

I think it would be great if there were links to Lynda.com videos associated with each video for extra help.

3. Was the way the professor taught this course an important learning experience for you?

PLEASE STATE YOUR REASONS WHY:

This was an incredible learning experience because each project challenged your knowledge of coding and conceptualizing more and more. It also a plus that professor sweeney has humor!

4. Would you take another course with this professor or recommend it to your peers?

PLEASE STATE YOUR REASONS WHY:

I absolutely would take another class with her and I already have recommended it to my peers. She teaches you to be a real thinker and challenges you in the best way possible.

5. Are there any additional remarks that you believe would be pertinent in evaluating this professor's overall teaching effectiveness?

A+

You learn so much, it's super engaging and a great combination between useful and creative

2. List the aspects of the course or instruction that you would like to see improved.

For the first project we broke the class into small groups for crit which was less effective, this wasn't the case all semester though and it worked a lot better.

3. Was the way the professor taught this course an important learning experience for you?

PLEASE STATE YOUR REASONS WHY:

Yes, the way she taught was super engaging and informative but also valued aesthetics.

4. Would you take another course with this professor or recommend it to your peers?

PLEASE STATE YOUR REASONS WHY:

Absolutely. I learned so much from prof. Sweeney and she's very encouraging inside and outside the classroom.

1. List the most positive aspects of this course.

• Jarah pushed us to think very abstractly about themes in art & other web that challenged us to create beautiful & meaningful works.
 • Our readings and conversations helped us deal w/ subject material!

2. List the aspects of the course or instruction that you would like to see improved.

• I think that all of the parts of the course as of right now are integral to its success.

3. Was the way the professor taught this course an important learning experience for you?

PLEASE STATE YOUR REASONS WHY:

Yes - Coding is exact & the professor's clarity & teaching I really think that the thought projects in this class that Jarah designed ~~and~~ reflects the complexities of the web!

4. Would you take another course with this professor or recommend it to your peers?

PLEASE STATE YOUR REASONS WHY:

Yes I'm enrolled in advanced digital media. I would ~~to~~ recommend this professor to peers of the professor pushed the work & the concept really far.

1. List the most positive aspects of this course.

Learned web design, combined technical skill w/ design focus, partner projects were great experiences.

2. List the aspects of the course or instruction that you would like to see improved.

It sometimes felt as though the professor was trying to over-justify being an art course. We had a lot of ~~very~~ very esoteric assignments, which were interesting but I ultimately would have preferred something more grounded.

3. Was the way the professor taught this course an important learning experience for you?

PLEASE STATE YOUR REASONS WHY: Yes. She approached coding in particular in a very practical matter "this does this" which is different from how it's been taught to me before & which I appreciated. Discussions on design & usability were also direct and clear and it rarely felt as though crits were ~~dominating~~ dominating the course.

4. Would you take another course with this professor or recommend it to your peers?
